

PRODUCT INFORMATION**INDUSTRIAL DIGITAL GAUGE AGENCY APPROVALS**

Ashcroft® industrial digital gauges are now offered with both CE, FM, CSA & ATEX agency approvals. CE is offered standard at no additional charge.

CE on the industrial digital gauge is rated for heavy industrial, CE 61326:1997+A1:1998+A2:2001 ANNEX A and applies to both the standard polypropylene and aluminum cases.

Regarding FM, the intrinsic safety examination by FM verifies the industrial digital gauge is intrinsically safe for use in Class, I, II and III, groups A, B, C, D, E, F and G hazardous (classified) locations.

The optional FM, CSA & ATEX agency approvals are offered on the 3" case and the 4½" aluminum (variation code XAY) case.

FM, CSA & ATEX are not available with the following:

- 4½" polypropylene case
- SPDT switch option(s) (XU1, U2)
- Backlite (XBL) option

To order the FM or CSA option, specify variation XFM. To order a gauge with the ATEX option, specify variation XAX.
