

**PRODUCT INFORMATION****ASHCROFT® INSTRUMENTS NOT AVAILABLE WITH DIAPHRAGM SEALS**

Although most Ashcroft® instruments are available with diaphragm seals, there are a select few that are not.

The following is a listing of Ashcroft instruments that *are not* available with diaphragm seals:

Stainless Steel Case Gauges:	all 1008A & 1008S gauges
Industrial Gauges:	1490 & 1495
Differential Gauges:	5509, 1130, 1131, 1132, 1133, 1134
Commercial Gauges:	all commercial gauges
Weksler Gauges:	BD, BL, EA, UA, all BY utility gauges
Transducers:	CXLdp, DXLdp, RXLdp, XLdp, IXLdp, GC30, GC52*, K8*, G2*, T2*, GC55*

See Ashcroft Product Information page DS/PI-82C for guidelines of minimum/maximum pressures for all Ashcroft instruments that are available with a diaphragm seal.
